

Form Letter Q:

The neighboring Port of Longview owns 275 acres at Barlow Point. Cowlitz County has long recognized that upgrades to the Reynolds Short Line were desired long before Millennium presented its proposal. To serve the industrial and export terminal areas improvements to the Reynolds short line have been desired with or without Millennium's proposal. The EIS should consider the benefits that would accrue to the Port and industrial users along Industrial Way by improvements made to the rail corridor to support Millennium's export coal facility.
